READ SAFETY DIRECTIONS BEFORE OPENING OR USING

ACTIVE CONSTITUENT: 832 g/L CANOLA OIL

Increases droplet spread, chemical uptake and rainfastness.
Improves drift control and reduces foam generation. Assists with odour and evaporation reduction.

IMPORTANT: READ THIS LEAFLET BEFORE USING THIS PRODUCT

STORAGE AND DISPOSAL

Keep out of reach of children. Store in closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or (preferably) pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or territory government regulations. DO NOT burn empty containers or product.

Returnable containers

Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS

Avoid contact with skin and eyes. Wear overalls, rubber gloves, goggles or disposable face shield. After each days use, wash contaminated clothing, gloves and face shield with soap and water. For additional Safety Directions refer to the pesticide label.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126.

SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet, available from the supplier.

LIMIT OF WARRANTY AND LIABILITY

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. No warranty of merchantability for a particular purpose, express or implied, extends to the use of the product contrary to label instructions, or under abnormal conditions.

DIRECTIONS FOR USE

SITUATION	APPLICATION RATE	CRITICAL COMMENTS
Misting machine	1 – 2 L/ha	Use higher rate with high dose rate products and mixes
Orchard Spraying	150 – 200 mL/100 L 1.5 – 2.5 L/ha	High volume spraying Low volume spraying
Vegetable Spraying	150 – 200 mL/100 L	
Hand Gun	200 mL/100 L	Spot spraying
Knapsack	20 – 30 mL/10 L	
Aerial CDA or ULV	1 – 2 L/ha	
Boom spray	200 – 500 mL/100 L	Use higher rate with high dose rate products and mixes

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION

GENERAL INSTRUCTIONS

AC Axican Oil will enhance the performance of agricultural and horticultural sprays by increasing droplet deposition and retention. As a result pesticide performance is enhanced and rainfastness is improved. AC Axican Oil is non-phytotoxic at recommended rates and is compatible with most commonly applied agricultural chemicals. It can be used with most herbicides, insecticides, fungicides and other foliar sprays.

MIXING

Half fill the spray tank with water and all other ingredients under agitation. Add required amount of AC Axican Oil. Place hose below water line and top up tank with water and continue agitation until all ingredients are fully dispersed. Pre-mixing with the pesticide is not required.

COMPATIBILITY

AC Axican Oil is compatible with a wide range of pesticides and will enhance efficacy to a varying degree depending on the particular pesticide class.

CAUTION

Always check the pesticide label before the addition of AC Axican Oil, as there are a wide range of potential combinations, test by application to a small trial area before undertaking full scale spraying for safety on non-target plant species. At high rates particular care must be taken when used with selective herbicides and under conditions of high temperature or humidity.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL

Keep out of reach of children. Store in closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or (preferably) pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging for appropriate disposal to an approved waster management facility. If an approved waste management facility is not available bury the empty packaging 500mm below the surface in a disposal

pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or territory government regulations. DO NOT burn empty containers or product.

Returnable containers (100L)

Empty contents fully into application equipment. Close all valves and return to point of supply for refill or storage.

SAFETY DIRECTIONS

Avoid contact with skin and eyes. Wear overalls, rubber gloves, goggles or disposable face shield. After each days use, wash contaminated clothing, gloves and face shield with soap and water. For additional Safety Directions refer to the pesticide label.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126.
